IDNR Division of Water
Attn: Jim Hebenstreit, Asst. Director
402 W. Washington St., Room W264
Indianapolis, IN 46204

Dear Mr. Hebenstreit:

The Patoka Lake Regional Water and Sewer District has submitted a request to the Indiana Department of Natural Resources for the purpose of extending our existing contract to a term of 50 years. This extension is necessary to satisfy commitments to the 23 Utilities that we are contracted with to provide wholesale water supply. Included in these contracts is Posey Township Water Corp., who we are presently trying to provide needed additional supplies as part of a Rural Development funded project.

Please accept this letter as our support of the contract extension, which will enable the District to continue to supply a much needed quality drinking supply to the people in Southern Indiana.

Sincerely,

A handwritten signature in black ink, appearing to read "Edwin H. Pieper".

Edwin H. Pieper, President
Patoka Lake Regional Water and Sewer District
